

90 CM VITROCERAMIC OVEN

5 VITROCERAMIC ZONES

Full Glass Door
(Removable)

Halogen Illumination

Clear view of whats happening inside

Want to see how your cooking is going but don't want to open the door and lose the heat inside? Halogen Illumination helps you see all your oven's cavity, so you can keep an eye on your culinary creations with the door firmly shut.

VitroCeramic Hobs

Stylish VitroCeramic Hobs look great in nicely designed kitchens, as their neat glass plate seamlessly integrates with the furniture. They work by heating coiled elements beneath the toughened glass surface and radiating that heat up to the pan.
