AquaWave

Wave-like drum action for gentler treatment

Drying might take its toll on your clothes. So, here is AquaWave system's curved door glass and specially designed paddles that move the laundry in a wave-like action inside the drum, treating clothes gentler and improving the drying performance. Next time someone compliments your clothes and you reply, 'What, this old thing?' you might be telling the truth.

Xpress Super Short 14 Min Programme

2 Kg of clean laundry in 14 min

Not all clothes require an intensive wash. Sometimes, a quick wash will do the trick. Xpress Super Short 14 Min Programme allows you to wash up to 2 kg of laundry in just 14 minutes. 2 kg might not sound like much but that's like 20 t-shirts! That's more than enough to get you out the door.

Reversible Door

Adaptable door direction for easier access

When you take the load out of the washing machine, you don't want to carry wet clothes around two doors to throw them into the dryer. The Reversible Door allows you to change which way your tumble dryer's door opens so you can pick the clothes right out of the washing machine and dump them into the dryer without any hassle.

GentleCare Programme

Gentle cottons looking like new for longer

Some cottons are gentler than others and they need to be treated as such. The GentleCare Programme protects the texture and colour of delicate fabrics like woven and combed cotton thanks to its gentle washing and spinning algorithm. Now you can throw your fine cottons in the machine without a worry and enjoy them for longer.

TUMBLE DRYER

1 - 9KG CONDENSER

Dryers

- Door Hinge (DR) Right

Key Features

- Energy Efficiency Class B
- Drying Technology Condenser
- Sensor Drying OptiSense
- Height 84.6 cm
- Width 59.8 cm
- Depth 60.9 cm
- Display Type Digital Display
- Colour White
- Product Series b300
- Noise Level 66 dBA

Programmes

- Number of Programmes 15
- Programme 1 Cottons
- Programme 2 Cottons Eco Dry Programme
- Programme 3 Synthetics
- Programme 4 Mixed Programme
- Programme 5 Towels Programme
- Programme 6 GentleCare Programme

- Programme 15 Hygiene+ Programme

Functions

- Function 1 Dryness Level
- Function 2 Drum Light

Design

- AquaWave Available
- Display Type Digital Display
- Colour White
- Water Tank Location Up
- Drum Light DC LED
- Door Type Transparent -reversible- w/o cover
- Inner Drum Material Stainless Steel
- Direct Drain Available

Technologies

- Drying Technology Condenser

Performance & Consumption

- Energy Efficiency Class B
- Noise Level 65 dBA
- Annual Energy Consumption (kWh/year) 615.7 kWh
- Sensor Drying OptiSense
- Voltage 220 - 240 V
- Frequency 50 Hz
- Reverse Drum Action Available

Dimensions & Weight

- Height 84.6 cm
- Width 59.8 cm
- Depth 60.9 cm
- Weight 35 kg
- Packaged Height 88.5 cm
- Packaged Width 65 cm
- Packaged Depth 63 cm
- Packaged Weight 36 kg

Safety

- Child Lock Available
- Child Lock Indicator Available
- Water Tank Full Indicator Available
- Filter Cleaning Indicator Available
- Condenser Cleaning Indicator Available
- End of Cycle Buzzer Available
