HARVESTfresh™

Inspired by nature, powered by light

Even though they keep looking fresh, fruits and vegetables start to lose their vitamins when placed in the fridge. Thanks to innovative HarvestFresh™ technology, vitamins are preserved for longer*. Unique crisper technology developed for Beko fridges uses not one, but 3 efficient colours, that mimic the 24 hours sun cycle and natural sunlight. All of this so you can enjoy nutritious meals and a healthier lifestyle.

*Tested by Intertek based on Vitamin C and Vitamin A measurements in tomato, green pepper, carrot, spinach and celery directly exposed to the light technology compared to Day 0 conditions over a 5-day period.

NEOfrost™ Dual Cooling

Faster cooling for longer
freshness

It's important to keep the food fresh for longer in the refrigerator. Also, it is difficult to keep fish in the freezer together with a lovely cake in the fridge without their odours mixing. Beko's separate cooling system technology for each compartment provides faster cooling by maintaining ideal air flow and optimal temperatures with an optimal level of humidity in both the freezer and the fridge. The result is the food stays fresh for longer with no frost build-up or odour transfer.

ProSmart™ Inverter Compressor

High efficiency, high durability, low noise

Don't pay lots of money for electricity bills just for a refrigerator that does the job. You can open the door as many times as you like, ProSmart™ Inverter Compressor technology will adapt and create fewer temperature variations, provide faster cooling with less energy, and allow your food to stay fresh for much longer. The compressor's design provides more durability while being 4 times quieter.

✓ High Efficiency

✓ High Durability

✓ Low Noise Levels

LED Illumination®

Even and efficient illumination

LED light covers the whole of the fridge, so you can find everything easily with less stress and energy. LED light on the ceiling of the fridge and LED strips on the side walls illuminate every shelf separately and provide full lighting on every part of the unit.

DOUBLE DOOR

FREEZER TOP

Key Features

• Fitting Type	Freestanding
• Product Type	Freezer Top
• Height	172 cm
• Width	66 cm
• Depth	70 cm
• ProSmart Inverter Compressor	High efficiency, high durability, low noise
• Cooling System Type	No-frost
• Freezer Position	Freezer Top
• Display Type	LED
• Colour	Brushed Silver

Gross & Net Volume

• Total Gross Volume	409 L
• Total Net Volume	375 L
• Fresh Food Storage Net Volume	277 L
• Frozen Food Storage Net Volume	98 L

Technologies

• Vacation Mode	Extra energy saving
-----------------	---------------------

Fridge Features

• Fridge Shelf Type	High-durability glass shelves
• CoolRoom	Meat, fish & dairy fresher for longer
• Quick Cool Option	Yes
• Number of Crispers	1
• Egg Tray Capacity	12

Freezer Features

• Fast Freeze	Yes
• Ice-maker Type	Easy-access ice cubes
• Daily Freezing Capacity (kg/day)	4.5 kg

Design

• LED Illumination	Clear view of the inside
• Display Position	Inner Side Wall
• Control Type	Electronic
• Door Handle Type	Flush

Performance & Consumption

• Noise Level	39 dBA
• Climate Class	T
• Voltage	220 - 240 V
• Frequency	50 Hz
• Connected Value (w)	108

Dimensions & Weight

• Weight	61 kg
• Packaged Height	181.3 cm
• Packaged Width	70 cm
• Packaged Depth	75.5 cm
• Packaged Weight	67 kg

Safety

• Open Door Alarm	Yes
