AutoDose

Optimum detergent, efficient cleaning

Forget worrying about using enough detergent, or even adding it before every wash. Just fill your washing machine with liquid detergent and softener, and let AutoDose automatically dispense just enough of it for every programme. The result? Sparkling clean laundry every single time, without the constant hunt for the detergent bottle.

ProSmart Inverter Motor

High efficiency, high durability, low noise

Don't stress about your energy bill or give yourself a headache every time you wash your clothes. Thanks to its brushless motor design, ProSmart™ offers superior energy efficiency, lower sound levels and higher durability - all in a single machine, so you get the most from your machine without disturbing your monthly budget or peace of mind.

StainExpert Programme

Spotless cleaning for 24 types of stains

Put the white vinegar, the lemon juice and the dish soap away. They belong in the kitchen and your stained clothes belong in a washing machine with StainExpert Programme. Whether it's coffee, ketchup, chocolate, makeup or blood, StainExpert is designed specially to get rid of 24 different kinds of stains so you won't have to pre-treat any stain anymore.

Xpress Super Short 14 Min Programme

2 Kg of clean laundry in 14 min

Not all clothes require an intensive wash. Sometimes, a quick wash will do the trick. Xpress Super Short 14 Min Programme allows you to wash up to 2 kg of laundry in just 14 minutes. 2 kg might not sound like much but that's like 20 t-shirts! That's more than enough to get you out the door.
